EDUCATION

GLA University, Mathura <i>Bachelor of Technology in Computer Science</i>	Aug 2023 - May 2027
KCM Public School, Haryana <i>Intermediate</i>	2022 - 2023
KCM Public School, Haryana <i>High School</i>	2020 - 2021

EXPERIENCE

Summer Intern <i>W3Grads</i>	Jun 2025 - Jul 2025 <i>Remote</i>
- Completed a certified Smart Full Stack Development program in the MERN stack with GenAI integration. - Gained hands-on experience in frontend and backend development using React.js, Node.js, Express.js, and MongoDB.	

PROJECTS

InternEase: AI-Powered Student Productivity Platform GitHub <i>React.js, Node.js, Express.js, MongoDB, Gemini API</i>	Nov 2025 - Jun 2026
- Built a full-stack MERN app for discovering internships, certifications, and technical events. - Designed RESTful APIs and integrated Gemini API for personalized recommendations.	
Saarthi: AI-Integrated Patient and Doctor Platform GitHub <i>MongoDB, Express.js, React.js, Node.js, Gemini API, Postman, GSAP</i>	Mar 2026 - May 2026
- Built a full-stack healthcare platform enabling real-time doctor-patient interaction. - Designed RESTful API endpoints for appointments; integrated Gemini API for query handling.	

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript, SQL
Web Technologies: HTML, CSS, JavaScript, EJS, React.js, Node.js, Express.js, MongoDB, REST API
Libraries and Frameworks: Pandas, NumPy, Matplotlib
Developer Tools: Git, GitHub, Visual Studio Code, IntelliJ IDEA
Core CS: Data Structures & Algorithms, OOPs, Database Management Systems, Computer Networks, Operating Systems, System Design, Software Engineering

CERTIFICATIONS/ACHIEVEMENTS

- Master Data Structures & Algorithms in Java - Coding Blocks
- Node.js, MongoDB & OpenAI API - Udemy
- 500+ problems solved on LeetCode/CodeChef (Java); 500+ on HyperSkill (Python)
- Participated in SIH, DecoCX, CodeClash 2025 & 2026, and FlipKart Grid 6.0 hackathons
- Selected Mentor - Apertre 2.0; Active member - GDG Innovation Program
- Co-Author, IEEE Publication - Hybrid DNA Computing and Machine Learning Classifier for Scalable Financial Fraud Detection
